Twilight Zone

rebroadcasts on sci-fi channel
and how good, with tight

direction & rich bw
photography.

Rod Serling in his smoky
voice tying it up. Okay,
could be little

bushwah & camp, but ser-
ious in contrast to today’s

breathless “news” &
endless self-

referential fuckaround,
meriting, would you be-

lieve, awards? Sheer
chutzpa‘d shame Barnum.
